9. Additional Information

[24 CFR Part 903.12 (b), 903.7 (r)]

A. PHA Progress in Meeting the Mission and Goals Described in the 5-Year Plan

(Provide a statement of the PHA's progress against the goals and objectives established in the previous 5-Year Plan for the period FY 2005 - 2009. For this report, this period should be FFY2000-2004

The following five goals and objectives are/were applicable during the fifth annual agency plan year. The goals and objectives are repeated verbatim from that plan. Housing Authority accomplishments and/or problems are noted in **bold** immediately following each:

1. Housing Authority will strive to increase the availability of decent, safe and affordable housing by reducing vacancies that existed on July 1, 2000, by 40% (from 21 to 17 or lower) during the next twelve months. Over the next 5 years, the HAC will attempt to the best of its abilities to reduce vacancies to an amount of no greater than 5% (or not greater than 7) of the units available. **The HAC had only one (1) vacant unit (vacancy) as of September 1, 2004. Its occupancy rate (considering that one unit was rented to a PHA employee and another was off-line for CFP use) was 99.3%, thus it has achieved this goal/objective.**
2. The HAC will attempt to improve the quality of its programs by increasing its Resident Satisfaction Survey score in the "Safety" area (the lowest of the five areas ranked by the calendar year 2000 survey) by at least 5% from the 74% score registered on the first HUD REAC Survey. Among the ways of achieving this goal will be by having at least monthly meetings with the Resident Council, seeking their evaluation of current efforts and input as to how to deal with pertinent issues. **The CY2003 HUD REAC Customer Service & Satisfaction survey (the latest available) showed a score of 87.2% in the area of "Safety" and HAC did conduct monthly meetings with members of the Resident Council. Therefore, we have achieved this goal/objective.**
3. HAC will also attempt to improve living conditions by undertaking capital improvements within its financial means. Each year, to the extent that capital and operating funds are available, necessary and/or meaningful capital improvements will be undertaken. Resident input will be sought and considered in determining the items and the priority of work to be accomplished each year. **During the past year we have completed the replacement of 39 furnaces in Harvester Heights (KY 29-01) and 14 at Cloverlick Heights (KY 29-02), constructed new project signs for both projects, replaced the gas meters and regulators (with new digital type) at Cloverlick Heights (KY 29-02) and installed new gutters and downspouts at Harvester Heights. Additionally, we have installed new handicapped kitchen cabinets in a 3 bedroom unit both at Harvester Heights, installed a new LP Gas Tank at Cloverlick Heights and installed a limited amount of new fencing at Harvester Heights.**
4. The HAC will strive to improve the quality of life for residents through implementation of security improvements. Safe and secure housing for all HAC residents will be a continuing goal, which will be measured by applicant interest and resident satisfaction. To help facilitate knowledge and necessary improvements in this area, monthly meetings between the members of the resident council and the Executive Director and/or Resident Coordinator will be held to discuss applicable issues. City and/or County Police Officials and a representative of the contract security services will also be invited to attend these meetings. Collectively, the HAC, its residents, law enforcement officials and guard services will strive to implement necessary changes, corrections and/or measures that are realistic and obtainable within the financial resources available to all parties. **Since the beginning of the original Five-Year Agency Plan (i.e., FFY2000), the HAC has installed a security camera system in both housing projects, installed additional security lighting and some security fencing all leading to the improvement in its resident body's feeling about**

their safety and security. This is indicative of HAC's safety score (on the HUD REAC RASS survey) of 87.2% [versus the then national average score of 82.4%] and the fact that it has been able to rent 20 of the 21 then existing vacancies and keep these units rented. Further, both its Resident Council members and the local Chief of Police stated their belief that HAC's housing projects are safe places to live. Thus, HAC feels that it has achieved this goal/objective.

5. The HAC will strive to promote self-sufficiency and asset development of its residents by: a) providing free transportation (i.e., van ride) to the unemployment office and places of higher educational institutions, such as GED courses and other higher educational offering at the local public schools and Southeast Community College located in Cumberland. **Van ride opportunities have been and remain to be available to those who show an interest in attending educational courses. However, due to the demise of the Federally funded PHDEP, lack of local proceeds and very limited local employment opportunities, HAC has not been as successful in promoting "self-sufficiency and asset development" as it had hoped in CY2000.**

B. Criteria for Substantial Deviations and Significant Amendments

(1) Amendment and Deviation Definitions

24 CFR Part 903.7(r)

PHAs are required to define and adopt their own standards of substantial deviation from the 5-year Plan and Significant Amendment to the Annual Plan. The definition of significant amendment is important because it defines when the PHA will subject a change to the policies or activities described in the Annual Plan to full public hearing and HUD review before implementation.

a. Substantial Deviation from the 5-Year Plan

- 1.) Redirection of more than 20% of its operating budget funds from any budgeted/scheduled activity to another activity or:
- 2.) A major change in program direction (e.g., new or different housing selection preference criterion, new or changes to deductions from income-based rents, additional efforts to enhance deconcentration opportunities, changes in the basis of determining Ceiling/Flat rent amounts, etc.) that requires action on the part of the Board of Commissioners; or
- 3.) Increasing or decreasing the total number of HAC employees by more than 25% from that authorized on the April 1st of each fiscal year.

However, NONE of these changes will be considered a Substantial Deviation IF those changes result from Government (i.e., Federal, State, or Local) actions over which the HAC exercises no control.

b. Significant Amendment or Modification to the Annual Plan

- 1.) Changes to rent or admission policies or organization of its waiting list.

2.) Additions of non-emergency work items (not included in the current Annual Statement or 5-Year Action Plan) or change in use of the replacement reserve funds under the Capital Grant Funds Program and

3.) Any change with regard to demolition or disposition, designation of projects/buildings (for the elderly/disabled or families with disabilities), homeownership programs or conversion activities.

However, NONE of these changes will be considered Substantial Amendments/Modifications IF those changes result from Government (i.e., Federal, State, of Local) actions over which the HAC exercises no control.
